2. New academic programmes initiated (UG and PG):

Economics : Ph.D. in Economics Started

3. Innovations In Curricular Design And Transaction

College is ambitious to enhance its pace for quality education, but is constrained in many ways. Because of its affiliated status, it has to adopt the syllabi and the curricula prescribed by Pune University. Many faculty members of the college take active part as members of Boards of Studies (BOS) in designing the curricula; in general they have little scope to model them to the aim and objectives of the college. However the syllabi are reviewed, revised and updated by the BOS of Pune University in order to keep pace with the evolving trends in subjects. The teachers took part in workshops organized by University of Pune for syllabus designing at UG and PG level.

Dr. Tushar Shitole worked as committee member to institutionalize a course on Environmental Science at UG level at Tilak Maharashtra University, Pune

Dr. Dangat N. R. worked as a committee member to design a syllabi for undergraduate and postgraduate in economics.

Faculty members participated in the curriculum design of S.Y.B.Sc. at University level. Computer Aided Instruction packages are developed on topics of Physics.

4. Inter- Disciplinary Programmes Started

Nil

5. Examination Reforms Implemented

The college being affiliated to University of Pune, has to follow the Examination Patterns and schedules directed by the University. The college has evolved a system to evaluate the learning of the students. Regular class tests, mid term examinations and assignments coupled with internal assessment. Evaluation on class room assignments, performance in debate, discussion and seminar presentations is conveyed to students on an every day basis. The mid term examinations, conducted by the college and the classroom tests by the teachers, provide true evaluation in a quantitative manner which

is conveyed to the parents and guardians. College takes corrective measures in the form of remedial classes to help the students who do not fare well.
